OC San Welcomes New Board Members

Fountain Valley, California – The Orange County Sanitation District (OC San) welcomes new members to our Board of Directors. OC San is governed by a 25-member Board of Directors comprised of 20 cities, four special districts, and one representative from the Orange County Board of Supervisors. There is one member and an alternate appointed to represent their local agency on the OC San Board of Directors. The Board Members are in integral part of OC San, they set policy and guide the direction of the agency.

“We are excited to welcome the new Board Members to OC San. We have big plans in the next couple of years with our Capital Improvement Program and New Administration Building. I’m looking forward to working with the new Board to continue to meet the mission of protecting public health and the environment and keep our rates low, something I’m really proud of,” stated Board Chairman, David Shawver.

The new OC San Board Members and alternates will serve in this role for the next two to four years. We look forward to their leadership, guidance, and new perspective they bring to OC San.

About OC San

OC San is a public agency that provides wastewater collection, treatment, and recycling for approximately 2.6 million people in central and northwest Orange County. OC San has been protecting the public's health and the environment in Orange County for over 65 years. OC San has two operating facilities that treat wastewater from residential, commercial, and industrial sources.
